

*Important Questions to be aware of – the answers you would want to know from your DJ Service:*

*Is your DJ service willing to meet for an interview before you are hired?*

*A professional who is dedicated should insist upon a meeting with family members so as to plan the schedule of events and answer any questions that you may have.*

*Will the disc jockey I speak to be the one who performs at my celebration?*

*To avoid any surprises, during our meeting together, you will be talking to your Host for the event. Some DJ companies act as booking agencies instead of presenting the person who will be performing your function.*

**Yes**

*Does your DJ service use professional equipment?*

*Pro audio equipment is made to handle the demanding conditions that are required of a mobile sound system. Our State-of-the-Art Sound System will deliver high quality sound as your Disc Jockey plays your favorite music during your reception while taking requests from your guests and yourself. Our DJs are very aware in the operation of our equipment. Also important is whether or not a backup system is made available during the event just in case of unexpected occurrences. We'll be ready!! Check out our Equipment link on our website.*

*If needed, would your DJ service be involved with the planning of my event?*

**We Would**
